**Don't Be Fooled by the Information Blackout!**

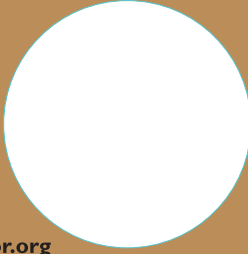

**RunningWolf  
is a Write-In  
Candidate for  
Berkeley Mayor.**

Due to an election application snafu, RunningWolf has been omitted from the November ballot and must now run as a write-in candidate. The issues haven't changed. **Why should you vote for the lesser of two evils and get more of the same?**

Current Mayor Tom Bates has been convicted in the theft of 1000 Daily Californian newspapers when the paper endorsed his opponent in 2002, and has negotiated a "secret" downtown deal with UC, circumventing the will of the people, leaving UC in the driver's seat of Berkeley politics once again.

Shirley Dean has been no better, promising much but delivering little. While Mayor of Berkeley she remained a UC employee, thereby distinguishing herself as the "Dick Cheney" of Berkeley. **You do have a choice for real change.** Vote for real change. Vote for Zachary RunningWolf as Write-In Candidate for Berkeley Mayor on Tuesday, November 4th.
